[WIP] Video: It wasn't. In late 2018, I started developing a case of depression once again.

[Server] The server has been saved.

[WIP] Video: I left it aside, thinking that it would go away after a while. That turned out to be a terrible mistake, as it developed further into suicidal thoughts.

[WIP] Video: I thought of doing things that would be devastating to others.

[Server] The server has been saved.

[WIP] Video: The most common two thoughts were hanging myself, and shooting myself.

Saved screenshot as 2019-07-09\_04.26.17.png

[WIP] Video: Eventually, my family learned about it, and got me the help I needed.

[WIP] Video: I managed to take back control of my mental health, for the most part, until a few hours ago.

[Server] The server has been saved.

[WIP] Video: There, the depression drained me of my energy, and the suicidal thoughts came rushing in again.
